

SLOWING THE STORM SURGE

StormWater Expo 2015

tools & techniques, programs & partnerships for public and private landowners

“If it rains on your property, you need to come to the Expo!”

“Floating manhole covers” can be a thing of the past, if we all work to manage storm runoff on our property.

Who should come?

- private landowners
- developers
- landscapers
- environmental engineers
- town officials
- selectboard members
- business owners
- contractors
