Reason for leaving: Returned to a former teaching position which is closer to my home.

Woodstock Union High School

August 2007-2016

Woodstock, VT

Student Dean

As a Student Dean, I served as an advocate for the overall well being of the students in order to ensure their personal and academic success. My responsibilities included student discipline; running EST meetings; implementing student schedule changes and alternative educational settings; monitoring the hallways, school grounds, lunchroom, detentions, and academic support programs; monitoring attendance records; developing and proctoring professional development activities for the entire faculty; developing and implementing an advisory program; informal peer observations for support in the classrooms; membership on the school's crisis team; and a liaison between administration, faculty, staff, parents, students, and the school community. I have always used a student-centered, differentiated approach to meet the individual personal needs for all students to achieve. In addition, as a Dean, I also served as a member of our Administrative Team, which employs a collaborative method to deal with school issues as well as planning agendas for in-service and faculty meetings.

Reason for leaving: Position no longer exists.

Rutland High School

August 2000 - June 2002

Rutland, Vermont

9-12 Mathematics Instructor
